About the Training Center

The Bobcat Enterprises Training and Safety Center has trained more than 25,000 students from over 1,900 companies and organizations which

include;

- Federal and State Organizations
- Colleges/Universities
- Technical/Vocational Schools
- Builder and Contractor Associations
- Construction Companies
- General Industry Facilities

We provide training and qualification programs on a wide range of equipment including:

- Industrial Forklifts
- Rough Terrain Forklifts
- Aerial Work Platforms (Boom & Scissor)
- Skid Steer Loader
- Excavator
- Basic Rigging
- Signal Person

Where Do We Train?

For your convenience, we offer the following options for training;

- **Open enrollment classes** - classes are open to the public and are held from 8:00 am - 12:00 pm at our Training & Safety Center.
- **Private Classes** - if your organization has six (6) or more students that require training, we offer private classes at your location* or at our Training & Safety Center.

**Must meet geographical requirements.*

Cost of Training Course

Please contact us for specific class pricing. If you have a large group, ask us about available discount class rates.

Class Options

Four (4) Hour Training Course Equipment Options:

- Industrial Forklifts
- Rough Terrain Forklifts
- Skid Steer Loader
- Excavator
- Basic Rigging
- Signal Person
- Aerial Work Platforms (Boom & Scissor)

The four (4) hour operator courses are a combination of formal classroom instruction, practical demonstrations and hand-on operation with an evaluation of the student's performance in accordance with applicable OSHA, ANSI, ASME, SAE, and NIOSH regulations and manufacturer requirements.

Upon successful completion of the course(s) the student will receive a certificate of completion, training safety guide and wallet card.

One (1) Day "Train-the-Trainer" Course Options:

- Industrial Forklifts
- Rough Terrain Forklifts
- Skid Steer Loader
- Excavator
- Aerial Work Platforms (Boom & Scissor)

The One (1) Day "Train-the-Trainer" Courses are a combination of formal classroom instruction, practical demonstrations and hand-on operation with an evaluation of the student's performance in accordance with applicable OSHA, ANSI, ASME, SAE, and NIOSH regulations and manufacturer requirements. In addition, the trainer will also receive an in-depth review of all applicable regulations and manufacturer guidelines, with instruction on how to prepare and conduct training courses.

Upon successful completion of the "Train-the-Trainer" Course your trainer will be qualified to train per OSHA regulations. The trainer will receive:

- Course Material
- Safety Guide
- PowerPoint presentation and a copy of the Classroom presentation video
- Certificate of Completion
- Pocket Trainer's Card

Our Trainers

The Bobcat Enterprises training team has over 40 years of combined experience in training and safety. We provide OSHA compliant training on construction and industrial equipment.

Our solid experience, extensive course development, and instruction for Federal, public, and private organizations has changed lives by providing hundreds of companies and thousands of operators with the proper techniques and knowledge to operate equipment both professionally and safely. We serve as the training and safety liaison between equipment manufacturers, owners and operators.

Bobcat Enterprises Training & Safety team, is active in the community helping prepare our future workforce by providing equipment training courses for vocational and apprenticeship students.

Register for Training

To register for an open enrollment class or to discuss training for your organization, contact one of our certified trainers. They will assist you with pricing, class scheduling, as well as answer any additional questions you may have regarding training.
